

NONPROFIT PASS PROGRAM

CONNECTING COMMUNITIES TO OPPORTUNITY

COTA

COTA partners with nonprofits and community organizations to provide promotional bus passes that help connect individuals and families to vital services including healthcare, education and employment opportunities.

HOW IT WORKS:

- 1 Nonprofits request promotional passes from COTA
- 2 Organizations distribute passes to clients and community members
- 3 Recipients use passes to access essential services and resources
- 4 Transportation becomes a bridge to support and opportunity

Through partnerships with local nonprofits and community organizations, we've worked to make sure transportation isn't a barrier for anyone, no matter their need. Access to transit is about more than getting to a destination; it's about creating opportunities and building a stronger, more connected community.

PROGRAM IMPACT:

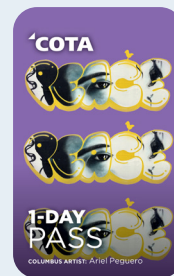

- 13,000+ one-day promotional passes distributed to nonprofits in 2024
- 93,000+ one-day passes and 12,000+ 31-day passes through Accessible Healthcare Initiative
- 100+ healthcare providers and nonprofit organizations

NEW! SINGLE-USE PASSES DESIGNED BY THE COMMUNITY

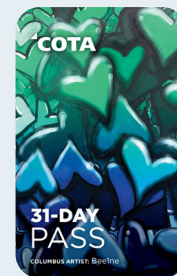

Introducing our new single-use one-day and 31-day passes featuring stunning artwork by local Columbus artists. These durable, tap-and-go passes don't just move people, they celebrate the vibrant spirit and creativity of our community.
